1.0 Student Experience

In this section, you will explore a test and view the various types of questions as they appear from a student's perspective. This will provide some context for the decisions you make as an instructor.

Learning Outcomes

After completing this section, you will be able to:

- Explain test taking from a student's perspective
- Identify strategies that encourage academic honesty

Accessing Tests

Students typically access tests from a Content Area. Instructors may provide information following the test title, if they want.

The screenshot shows a yellow header with the word "Assessments" and a document icon. Below the header, there are two test options, each with a pencil icon and a red 'X' over a green checkmark. The first option is "Practice Quiz" with a description: "This test is for practice purposes. It contains examples of all the different types of questions that you'll encounter in the course." The second option is "Terminology Test" with a description: "This test will cover the two handouts and the vocabulary presented in Chapters 1-3 in your textbook. This is a timed test. You have 30 minutes to complete the test and only one attempt is allowed."
