Show: Recently Used First   Newest First   **A to Z**

Accordion
Create vertically stacked expandable items

Agamotto (Image Blender)
Present a sequence of images and explanations

Arithmetic Quiz
Create time-based arithmetic quizzes

Audio
Upload an audio recording

Audio Recorder
Create an audio recording

Chart
Quickly generate bar and pie charts

Collage
Create a collage of multiple images

Column
Organize H5P content into a column layout

Course Presentation
Create a presentation with interactive slides

Dialog Cards
Create text-based turning cards

Drag the Words
Create text-based drag and drop tasks

Essay
Create Essay with instant feedback

Fill in the Blanks
Create a task with missing words in a text

Find the Hotspot
Create image hotspots for users to find

Interactive Content Types

Flashcards
Create stylish and modern flashcards

Guess the Answer
Create an image with a question and answer

Image Hotspots
Create an image with multiple info hotspots

Image Juxtaposition
Create interactive images

Image Sequencing
Place images in the correct order

Image Slider
Easily create an Image Slider

Interactive Video
Create videos enriched with interactions

Mark the Words
Create a task where users highlight words

Memory Game
Create the classic image pairing game

Multiple Choice
Create flexible multiple choice questions

Single Choice Set
Create questions with one correct answer

Speak the Words
Answer a question using your voice (Chrome only)

Speak the Words Set
Create a series of questions answered by speech (Chrome only)

Summary
Create tasks with a list of statements

True/False Question
Create True/False questions

Twitter User feed
Show your Twitter feed with H5P

Top Interactive Content Types

# For Blackboard Instructors

1. Interactive Video

The Interactive video content type allows you to add interactions on top of video clips.

Interactions such as images, elaborating text, links and quizzes pop up while the learner watches the video.

1. Interactive Video

2. Course Presentation

The Course presentation content type allows you to create a slide-based presentation of your learning material.

Elements such as **keywords**, **links**, **pictures**, **audio** and **video clips**, as well as **various quiz types** can be embedded seamlessly right into the presentation for a richer learning experience.

2. Course Presentation

Demo: https://h5p.org/presentation

3. Drag and Drop

The Drag and drop content type allows learners to drag a piece of text or an image and drop it on one or more corresponding dropzones.

Drag and drop can be used to test the learner's knowledge on a given topic as a variation to Multichoice questions.

3. Drag and Drop

Demo: https://h5p.org/drag-and-drop

4. Find multiple hotspots/Find the Hotspot

The Drag and drop content type allows learners to drag a piece of text or an image and drop it on one or more corresponding dropzones.

Drag and drop can be used to test the learner's knowledge on a given topic as a variation to Multichoice questions.

4. Find multiple hotspots/Find the Hotspot

Find all the vegetables in this picture

Demo: https://h5p.org/find-multiple-hotspots

5. Image Juxtaposition

A free HTML5-based image content type that allows users to compare two images interactively.

Demo: https://h5p.org/image-juxtaposition

6. Guess the Answer

A free HTML5 based content type allowing creatives to create challenges where the user is to guess an answer based on a picture.

What kind of berries are these?

👁 Press here to reveal answer

⛃ Download   ⟳ Rights of use   <> Embed   H·P

Demo: https://h5p.org/guess-the-answer

7. Audio Recorder

- A free HTML5 audio recorder. Record your voice and play back or download a .wav file of your recording.

- Suitable content type for open-ended questions and language courses

Count to five in French!

Press a button below to record your answer.

● Record

Demo: https://h5p.org/audio-recorder

8. Mark the Words

- A free HTML5 based question type allowing creatives to create challenges where the user is to mark specific types of verbs in a text.

- Student highlights words according to the task description and is given a score

- Add as many expressions and correct words as you like

8. Mark the Words

Click the various types of berries mentioned in the text below!

Bilberries ✔ [+1], also known as blueberries ✔ [+1] are edible, nearly black berries found in nutrient-poor soils.

Cloudberries ✔ [+1] are edible orange berries similar to raspberries ✔ [+1] or blackberries ✔ [+1] found in alpine and arctic tundra.

Redcurrants ✔ [+1] are red translucent berries with a diameter of 8–10 mm, and are closely related to blackcurrants ✔ [+1].
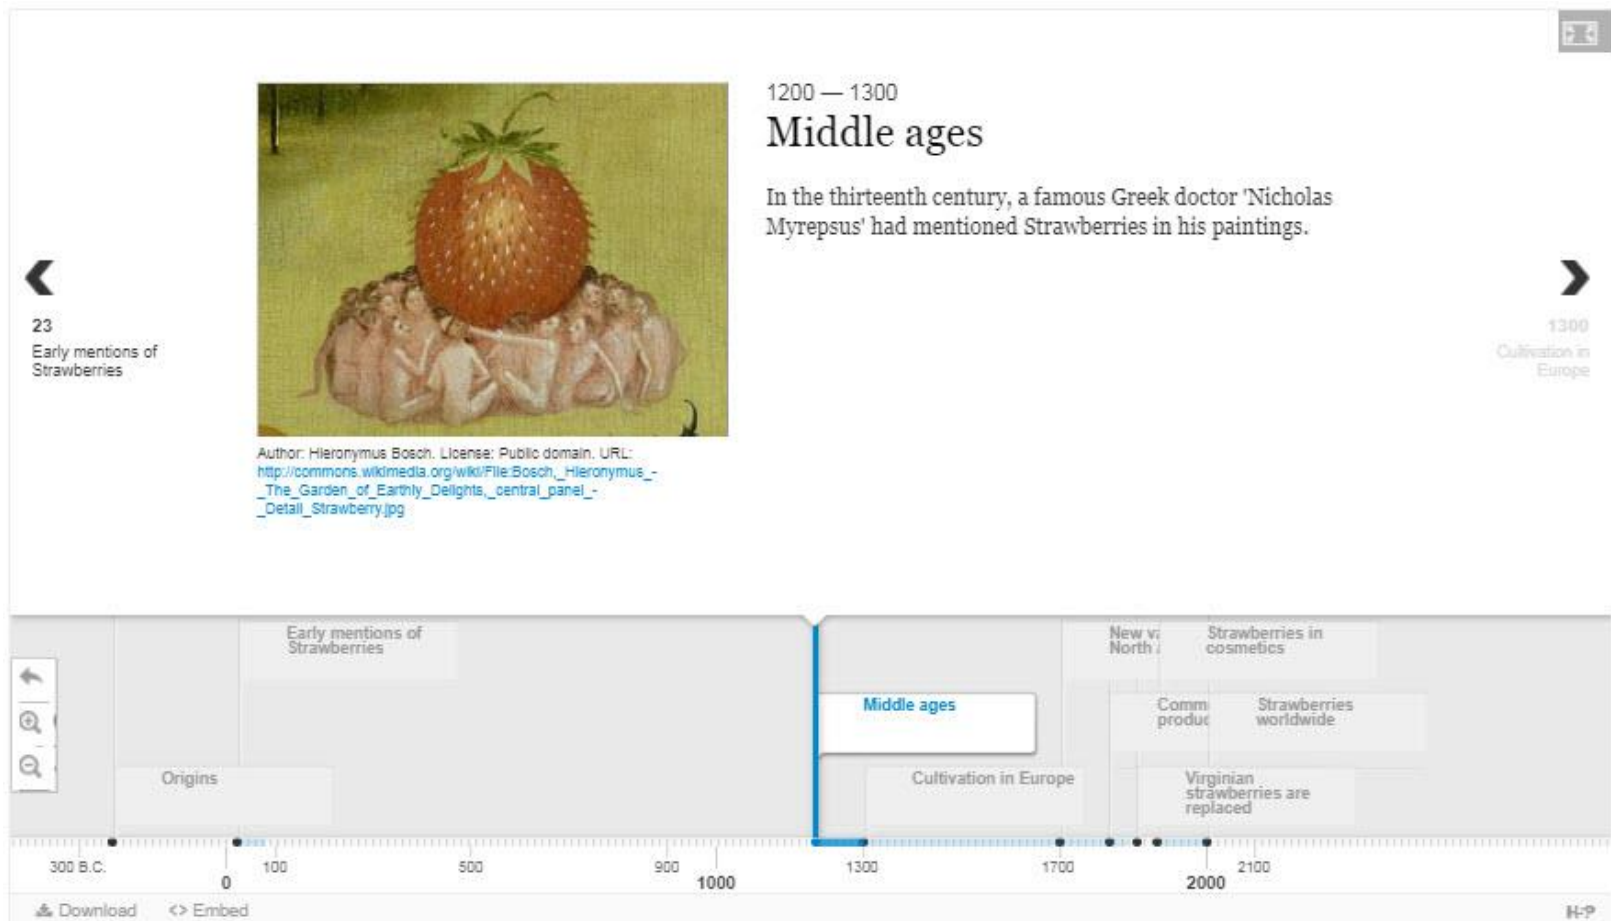

You got 7 of 7 points.

⭐ 7/7

9. Timeline

- Create interactive timelines.

- Allows you to place a sequence of events in a chronological order.

- For each event you may add images and texts.

- Include assets from Twitter, YouTube, Flickr, Vimeo, Google Maps and Sound Cloud

9. Timeline

Demo: https://h5p.org/timeline

10. Multiple Choice

- An easy to use and effective assessment tool

- Create challenges where the user is to identify one ore more correct choices

- Learner is given immediate performance feedback.

- Can be used for testing well-defined skills related to a certain topic

10. Multiple Choice

What color does the blackcurrant berry actually have?

- ○ Black
- ○ Blue
- ○ Very dark purple

✓ Check

Demo: https://h5p.org/multichoice

11. Memory Game

- A free HTML5-based memory game content type allowing authors to add their own images (and optional text) to a memory game.

- To play the game, users search for image pairs, which will display a specified text message once a matching pair has been found

11. Memory Game
